DESIGNING PRODUCTS  
FOR TODAY'S LIFESTYLE

The wall-mounted Lifestyle<sup>™</sup> fold-away ironing board is a welcome convenience in today's fast paced world. Set up in seconds and save time by ironing where it suits you!

Great for confined spaces, the Lifestyle<sup>™</sup> board opens parallel to the wall and allows ironing at any angle within a 180 degree arc.

## Wall Mounted Ironing Center

The wall mounted LifeStyle Ironing Center combines convenience, space efficiency, inconspicuous style and amazing affordability in one smart, simple package, designed for quick and easy D-I-Y installation.

It is particularly practical for installation in confined spaces, such as narrow hallways, studio apartments, walk-in closets, TV rooms, boats, trailer homes, RVs, shop and theater dressing rooms, motel units, holiday cabins, rest homes, hospitals and clinics, airport facilities, etc.

But, even where space is not a problem, you can still enjoy the many benefits of a practical, stylish and affordable LifeStyle Ironing Center.

- Easy to install – locate just one wall stud, no special tools or expertise required
- Ready to use in seconds
- Board swivels to any desired angle
- Replace that clumsy, space-hungry old ironing board
- Re-assign floor and storage space to other uses, or simply reduce clutter
- Full-size ironing board
- Includes iron rest and clothes rack
- 3-year warranty
- Highest quality materials
- Very stable ironing surface

## Mobile Laundry Center

The Lifestyle "Mobile Laundry Center" is a unique space saving product for those areas where space is at a premium.

It comes complete with a "full size" fold-away ironing board (43 1/2" long x 15" wide) and a specially designed cloth cover with sewn-in padding to reduce movement

when ironing, three slide-out chrome wire baskets for easy storing of freshly ironed garments, a slide-out laundry hamper for holding freshly cleaned, ready-to-iron wash, a fold out iron rest and an adjustable clothes rack.

The greatest benefit of the LifeStyle Mobile Laundry Center is that it folds down from its working position of 44" long to a space saving size of only 23" long in just seconds. If you were to line up a standard ironing board, storage baskets and laundry hamper, they could easily take up to 87" in space. Yet, the LifeStyle Mobile Laundry Center is only 23" wide and 33" high when folded away.

Finally, the premium-quality Mobile Laundry Center includes chrome fittings, a powder-coated vented steel mesh ironing board, six adjustable-height wheels, two of which lock to stabilize the unit when in use.
